

WHAT MY CLIENTS SAY!

When I met Marilyn I knew right away she was the person to fix my eyebrows. When I was younger I plucked my eyebrows too much and I had almost no shape to my eyebrows. Marilyn took time to explain the permanent makeup process and how she would fill in my eyebrows and help frame my face again. Marilyn is precise and listens to what you want done, she is careful and gentle. I am so glad I did this, such an improvement, and no worry about eyebrow pencil rubbing off either! Marilyn is the best!

– Lisa, North Port FL

I went to Marilyn for a second opinion on my previous permanent eyebrow makeup because I was very unhappy. After Marilyn did a full reshaping and shading on my brows I'm now in love! I'm very thankful to have found such a wonderful talented person to make my wish for beautiful brows come true. She did such a great job that I had to do my permanent eyeliner too, she's a great artist. – Barbara, Sarasota FL

I highly recommend Marilyn Rustand for permanent makeup procedures. She is very professional, knowledgeable, a perfectionist, and caring. I was particularly pleased that a follow-up appointment was included. I love my permanent eyebrows and eyeliner and spending less time each morning in preparation for the day! – Carol, North Port FL

I had Marilyn do permanent eyebrows and I love them! Due to age and over zealous plucking, I barely had brows. Now I can swim and still have brows. I was so impressed how Marilyn walked me through every step and making sure I was completely satisfied. – Joline, North Port FL

I was always drawing my eyebrows on and it was time consuming and only lasted for a few hours. I love my permanent eyebrows! Now when I wake up they're already done. It made my life so much easier, and so I decided to get my eyeliner done too. Marilyn is a life saver as well as an artist! – Denise, North Port FL

PERMANENT COSMETICS

Marilyn Rustand, CPCP

Eyeliner • Eyebrows • Lip Color
Corrective Work

Permanent cosmetics can create a natural look for everyday wear or a more dramatic look to fit your personality.

EYEBROWS

Eyebrows frame the face and lend expression to the facial features. For anyone who desires fullness or definition to their eyebrows, has sparse or non-existing eyebrows, and/or loss of hair due to chemotherapy, thyroid meds or alopecia. Microblading, hairline strokes, powdered or shaded brows offered.

EYELINER

The eyes are often referred to as the windows to the soul. Pigment is applied at the base of the lash lines to enhance lashes. From a soft, natural-looking enhancement to a defined eyeliner look, the choice is yours! Permanent eyeliner is not affected by allergies or tears, does not smear, smudge or run.

LIP COLOR

The shape and color of lips can fade with aging. Lip liner and lip color give more definition, corrects uneven lips, enhances pale lips or adds fullness and youthfulness to the mouth. Wear it alone or apply another lipstick color over your permanent color. May also help minimize the appearance of wrinkles around the mouth.

CORRECTIVE WORK

Adjustments to undesirable color and/or shape of old, previous permanent makeup.

Permanent cosmetics allow you to wake up, shower, exercise, work, swim and go to bed always looking your best!

WHO BENEFITS FROM PERMANENT COSMETICS?

Permanent cosmetics is perfect for anyone who always wants to look their best. It's also ideal for those with loss of motor skills, arthritis, Parkinson's disease, allergies, visual impairments, contact lenses, little or no brow hair, scars, or an active lifestyle.

DOES IT HURT?

Our technicians are well versed in the use of topical anesthetics to reduce discomfort and promote relaxation. Sensitivity varies by client and procedure.

HOW LONG DOES THE PROCEDURE TAKE?

Approximately two hours, depending on which procedure is done. A follow-up visit is included and will be scheduled for 3-4 weeks following the initial procedure. Slight maintenance may be required in years to come, small fee will apply.

CAN I BE ALLERGIC TO PERMANENT COSMETICS?

Not Likely. Allergies are very rare. A skin test is offered to anyone who desires it.

METHOD OF PAYMENT:

Payment is rendered at time of procedure. Cash, Check, Master Card, Visa, Discover and American Express are accepted.
